

BAY AREA MILITARY WOMEN'S COLLABORATIVE

Part of the CA Statewide Collaborative for Our Military and Families

The Bay Area Military Women's Collaborative is a community forum promoting the following objectives:

1) To discover the experiences of military women (women service members, women military spouses and military moms; 2) to discover the kinds of real support that military women identify based on their practical wisdom; 3) to build community among military women through safe sharing; and 4) to encourage and to coach military women who feel emboldened to become more visible and vocal in politics and public life.

CALLING ALL MILITARY WOMEN!
